## Remembrance Day Poppy instruction & information sheet

### Making your poppy

- 1 Research your First Nations Anzac individually or as a class.
- 2 Fill in all of the information about your Anzac but don't write in the red circle.
- 3 Cut very carefully around the outside of the poppy.
- 4 Cut out each of the petals.
- 5 Glue the pointy part of the petal into the centre of our poppy with the coloured side facing up. Be sure not to glue over your writing.
- 6 Cut out the centre portrait of your poppy and glue it in the middle of your poppy.
- 7 Fold each of the petals back to read all about your Anzac.
